SCRUM Meeting 3 for Project 3 (OneShot Car)
Prepared by: Lily Wang
Meeting Date: 04/18/2022

Meeting Attendees

7. Lily Wang
8. Roshin Lal
9. Brandon Sullivan

Meeting Agenda Items

- Accessibility feature progress
- API data (which ones to keep and which ones we deem irrelevant)

Status Update Since Last Meeting

Accomplishments:
- Figured out how to implement a working toggle button in Tailwind CSS
- Found more API data that works

Tasks Completed:

Task Description	Assigned to	Completed? (yes/no)
Scroll Bar	Lily	no
Create About Us page	Lily	yes
Create toggle button for dyslexia	Lily	yes
Code toggle button for dyslexia font in Python	Roshin	no
Create History page	Lily	no
Link results from APIs to results page (Price)	Brandon, Roshin	yes
API link to Detailed Page (Capacity)	Brandon, Roshin	yes

Before The Next Meeting

Plans:
- Finish implementing all the data pulled from the APIs into our actual site display

- Fill out the rest of the pages with the proper information (not API related)
- Get the toggle down for every page

Task Assignments:

Task Description	Assigned to
Scroll Bar	Lily
Code toggle button for dyslexia font in Python	Roshin
Create History page	Lily
API link to Detailed Page (Safety Features)	Brandon, Roshin
Create separate classes for the different functions	Lily, Brandon, Roshin

Minutes from Previous Meeting

From our previous meeting, we proposed making a few more changes to our initial plans, one key item being our accessibility feature. We decided that the text-to-speech function would not be plausible given our current skills and implementation, and that we needed something simpler, but still as user friendly. The feature we have now decided to work on is a toggle to switch between our regular interface and a dyslexia-friendly interface. We assigned roles to help implement this feature with adequate timing. After we discussed the accessibility feature change, we went over our progress from the last meeting and what we planned on doing that day as per usual. In total, our meeting was 15 minutes long. The next meeting date decided upon is 04/18/2022. Even though our previous sprint document planned our sprint 2 SCRUM 3 meeting for 04/16/2022, we all stated issues with our schedules, so we decided to push our meeting back until after the weekend passes.
